RH program update for OAR December2016 v2.docx

Vera,

I've attached three documents to meet the Friday request from Mike. They are ready for your review.

- 1- Quick Look at the Regional Haze Program_v2: We've drafted this to serve as the quick summary of the program. Rhea has reviewed.
- 2- RH program update for OAR_December2016_v2: This is a revision of the ~10 page program update. If possible, I'd like to reserve the ability to tweak the progress report section tomorrow before this goes to Mike/Yvonne/Jenny (I've asked the Region for updates by midday tomorrow). Also, Phil just identified some confusing language about Utah, but I didn't yet have time to resolve it. I'll work on it first thing tomorrow morning. We did not ask for Rhea's review before she left for the APM meeting.
- 3- RH Transition Pager – EPA template_to_Yvonne_28Nov2016: This is the same document we sent to Yvonne on 11/28. This version has not yet been shared with Jenny, and the attached version was reviewed by you and Rhea (and Phil quickly).
 - a. Additionally, Phil has some ideas for making this better, but I didn't have time to work on his suggestions yet. Let me know if we want to spend more time on this.

Please let us know if you have suggested changes or need additional information.

Thanks,

Melinda
